Please read the next page carefully before confirming shipment!

Bangkok-China Plant Shipping Information:

Claims (Important!!!)

Timeliness Claims: If customs clearance takes more than 3 days after shipment from Thailand to China, international shipping fees will not be charged. If plants die after 7 days, the full value of the dead plants will be compensated.

Leaf Damage Claims: No compensation will be provided for leaf damage during removal from pots. For shipment in the original pot, partial compensation will be provided depending on the severity of leaf damage.

Shipping Notes:

This price applies only to non-endangered species for which our company has obtained domestic import permits. Shipping prices vary depending on the species; please consult our staff for details. (Determined by plant quantity, unit price, and species). The final interpretation of the definition of common and rare plants rests with our company.

The chargeable weight in this quotation is calculated based on air freight volume: **Length x Width x Height / 6000.**

This price includes: packing fees, consumable costs, Thai export quarantine fees, air freight, Chinese import customs clearance fees and import taxes, quarantine treatment fees, import qualification and license fees, and domestic logistics fees. The price does not include additional costs incurred due to delays, refusal to accept delivery, or incorrect information caused by the customer. Losses in such cases are the responsibility of the customer. In the event of force majeure during transportation, our company will promptly notify the customer and assist in handling the situation, but will not be liable for any direct or indirect losses arising therefrom.

Domestic logistics costs are not included for single shipments under 5kg.

Seeds, seedlings, and rhizomes/tubers must be shipped separately from potted plants.

All plants requiring transshipment must be transported to our Bangkok warehouse for quarantine and disinfection. We do not charge a boarding fee, but **we also do not assume responsibility for any risks that may arise during boarding (such as damage or death of plants not caused by human factors).**

If shipping potted plants, those with growing medium that meets Chinese customs import standards can be shipped in their original pots.

During winter, after domestic customs clearance, we will add free outer packaging insulation material to ensure the plant's survival.

Important Information for Bangkok-Miami Plant Shipping:

!!!This price does not include domestic shipping within the United States!!!

Both the shipper and consignee are responsible for domestic shipping costs within the United States.

ADG offers multiple domestic shipping providers for customers to choose from.

Transportation Time:

Bangkok-Miami: 3-4 days

China-Bangkok: 2 days

The Bangkok-Miami flight will be closely connected to the Kunming-Bangkok flight for transshipment.

Shipping Notes:

This price is only for non-endangered varieties that can obtain an import permit.

The higher of the volumetric weight and actual weight will be used for billing. Volumetric weight: Length * Width * Height / 6000

If the goods are detained by customs due to ADG's reasons, ADG will compensate 200 RMB/kg, with a maximum compensation of 1000 RMB per shipment. ADG is not responsible for detention by the USDA due to the plants themselves (pests, diseases, growing medium, size, etc.).

The shipper must provide accurate plant descriptions, varieties, quantities, etc. ADG is not responsible for plant detention due to incorrect declarations.

ADG assumes no responsibility for any damage or death of plants during transit due to non-human causes. Customers are advised to carefully check and ensure proper packaging before shipping.

Bangkok-Malaysia Plant Shipping Information:

Claims:

Due to the numerous unavoidable factors involved in the transportation of live plants, we will not compensate for leaf damage, root damage, or plant death. Please carefully consider the associated risks before shipping.

If the plant is lost before reaching our delivery point, we will pay three times the shipping cost as compensation.

If the plant is lost after reaching the delivery point and was sent by Malaysia Post, we will not provide compensation.

Shipping Instructions:

This price applies only to non-CITES plants shipped to West Malaysia. For CITES plants or shipments to East Malaysia, please consult our staff.

The weight in this quote is calculated based on air freight volume: Length x Width x Height / 6000.

This price includes: air freight for the entire journey, postage within West Malaysia, import/export quarantine fees, taxes, customs clearance fees between China, Thailand, and Malaysia, and import licenses and related fees.

If shipping potted plants, the plants must meet the import standards of Thai/Malaysian customs. Prohibited media between Thailand and Malaysia: mud or soil.

The following media are prohibited between China, Thailand and Malaysia: silt or soil, coconut shells, coconut peat, large-particle peat and any media containing wood fibers.
